About Company

At Vessel & Air Services (VAAS), we deliver compressed air and pressure vessel solutions that minimize downtime and maximize efficiency. With 50+ years of expertise, we provide a multitude of services including:

- Pressure vessels – Supply, testing, and certification
- Air compressors – Screw, high-pressure, oil-free, and portable models
- Air treatment solutions – Refrigeration dryers, Chillers, desiccant dryers, vacuum pumps and blowers
- Maintenance & optimization – Leak detection, energy audits, and system efficiency improvements
- Generators - Supply and services of all types
- Gas installations (Natural gas, Argon, Nitrogen, and more - with COC)
- Air conditioning - Supply and service
- Supply and installation of ducting
- Pipe installations (from Galvanized to Stainless steel - with Coded welders)

We don’t just supply equipment—we engineer cost-saving solutions tailored to your operational needs.
